

AOX Portable Antioxidant Alkaliser (AOX-30 & AOX-100)

Benefits

AOX ionises your water by infusing it with bountiful hydrogen, oxygen and negatively charged ions. This gives your drink millions of powerful antioxidants which is highly effective in removing free radicals (the leading causes for cancer, diabetes, hypertension, hypotension & gout).

Antioxidants works just like Vitamin C! They strengthen your immunity system and promote anti-aging, keeping you looking and feeling fresh and youthful.

AOX reduces your water to smaller water clusters; this means that your body is able to hydrate more effectively than normal water. It also assists your body to absorb nutrients and essential minerals more quickly and efficiently.

AOX alkalises your water so your drink is capable of restoring your body pH balance and flush acidic metabolites and toxins from the cellular level.

AOX mineralizes your water with health sustaining minerals such as calcium, potassium, magnesium, sodium and silica to promote healthy cells, bones, joints, organs and skin. (Presence of minerals has been tested by HSA Singapore.)

Specifications

Outer Material:

SUS 304 (Food Grade)
US FDA 21 CFR 175.300 Tested

Natural Bio-Minerals:

Korea
US FDA 21 CFR 175.300 Tested

How It Works?

Before You Use:

- Soak item in water for 5 minutes, then rinse with running water for 30 seconds.
- You only need to do this once.

How to Use?

- Place item in bottle or jug and shake for 15 seconds.
- For best results, let water sit for 15 minutes before consumption.
- Item can be left in water during consumption. Simply refill and shake!
- Suitable for bottled, tap and filtered water.
- Treats up to 1 litre of water at a time.
- To reap full benefits of pH-balance, drink at least 1.5 litres of AOX antioxidant alkalised water per day.
